Subject: Proposal for the creation of social media accounts for community news

Purpose

The purpose of this proposal is for the creation of social media accounts for *Lewisville Community News* and to expand it from an annual mailer to a biannual or quarterly mailer.

Summary

Due to the success of the annual *Lewisville Community News* mailer and social media posts I created two years ago for the first community yard sale, I discussed with Celena Lewis about the possibility of creating social media accounts for *Lewisville Community News* to reach larger audiences, as well as the possibility of expanding the annual mailer to a biannual or quarterly mailer.

Proposed Tasks

Task 1. Create a Facebook and Instagram account for Lewisville Community News and Events.

I will create two social media accounts, Facebook and Instagram, with a secure and approved email account that will be managed by me or any member of the council.

Task 2. Create guidelines for the use of the Lewisville Community News and Events accounts.

I will coordinate with the mayor and council members to determine guidelines for use. I propose that the social media accounts remain purely promotional for community events, updates, and announcements, with comments turned off to maintain decorum.

Task 3. Communicate with the Mayor, Council Members, and community members for community updates, announcements, and events throughout the year.

I will stay in contact with the mayor and council, and will periodically check direct messages and emails for news from community members.

Task 4. Automate posts for regularly scheduled council meetings and annual community events.

I will automate council approved posts for monthly council meetings, annual events, announcements, etc.
